Description:

Have you ever woken up one morning after years of living your life and wonder, How did I get to this point I mean really. Was there a sign somewhere that let you know you were headed down this path? Well try being abnormal, living amongst the normal. Then try imagining what its

like being abnormal and not knowing you were abnormal. On top of that, everyone else knows you're different but you just don't see it and no one was ever able to tell you just how different you really are. That's me. All my life that's how it's been and twenty-five years later, I'm finally getting the answers. No, I still don't understand it but it does make sense. Samia is a regular woman whose life is about to unfold to an unimaginable new world. Her life has more meaning in death than it ever did in her human life. She is thrown into a limbo with no knowledge of her past. In order for her to get out she must find out why she was sent in the first place. Uncovering some things that were hidden may affect whether she makes it out of limbo or not. Her choice may lead to others being freed from purgatory or enslaved in darkness forever.

Cloaked in an action story about the battle of good v. evil in Heaven, this book is really about Samia, the main character, realizing and becoming comfortable with her true power while also learning how to submit to her faith. It is the combination of accepting her true power and following her faith that allow her to become a respected leader in the battle. This first book in a series of seven establishes the character relationships, the hierarchy of angels and demons and sets the stage for the second installment. The climactic, action-packed battle at the end of the book leaves the reader eager to learn what happens next. A fun read.

Eternal Choices: Part I: Fallen Angel Series in Literature and Fiction pdf books

Eternal Choices: Part I: Fallen Angel Series

Christy has the experience behind her. I understand why it isn't more series read. Choices: new brother thinks learning series the summer is stupid and Gabe is going to a camp for nerds.
