Description:

A COWBOY NAMED FORTUNEIn a small Western town with more horses than people, feisty city reporter Ariana Lamonte may have uncovered the scoop of a lifetime: not one, not two, but three secret Fortunes, hiding in plain sight. Exposing these heretofore unknown Fortune

heirs could make her career. But it could also break her heart. Falling in love with cowboy/military man Jayden Fortune was never part of the plan. When Jayden offered Ariana shelter from a storm, he didn't know who she was—and she didn't know what she was in for. Trapped in a dark, damp cellar with the sexy-as-sin rancher, Ariana unlassoed her inner cowgirl, and now she's got a problem: her secret Fortune has become way more than just a story...

When the tornado literally blew Ariana into Jayden's path and down into his storm cellar and the sparks from the chemistry between them was stronger than the thunder, lightning and wind outside, I knew I was in for one whirlwind of a ride. And I was not disappointed. The town of Paseo, and especially the people, were a perfect addition to the story. What was going to win - their unwanted attraction to each other or Ariana's goal to write her book about the Fortunes? Well the pages flew as I dove into the story to find out. Loved all the hidden layers - great story.
